#### Notice of Commencement of Negotiations for Technical Services

Notice is hereby given of the commencement of negotiations for surveying and soil testing services for state construction projects for the six-month period from July 1, 1995 to December 31, 1995. Soil testing services would include testing and reporting prior to construction and inspection services during construction. Firms that provide concrete, welding, asphalt, steel and lead paint testing are also being sought.

Firms interested in providing these services should submit an SF 254 form indicating their qualifications, fees for their services, and geographical areas of the state in which they are willing to work to Gary Grimes, Deputy Director of Planning and Project Management, Division of Architectural Services, 625 Polk, Topeka, 66603-3288, (913) 233-9367. An original of the SF 254 form (plus attachments as required) should be submitted with letters of interest.

It is the intention of the division to pre-approve a separate group of qualifying surveying and testing firms and award projects on a rotational basis. If a firm anticipates being limited to specific-sized projects, by dollar volume or location in the state, that information should also be supplied with the response.

Any questions or expressions of interest should be directed to Gary Grimes by 5 p.m. June 16.
